CC #1: Horse	F	9:30	Hooves, Hearts, and Health: The Inside Scoop on Equine Pre-Purchase Exams	A pre-purchase exam is an essential step in making an informed decision when buying a horse. This thorough veterinary evaluation assesses the horse's overall health, soundness, and suitability for its intended use, helping buyers avoid costly surprises down the road. By identifying potential issues early, pre-purchase exams provide a foundation so that the partnership between horse and rider starts off on the right hoof.	Dr. Emma Adam, Veterinarian, Board Certified, Internal Medicine/Surgery
CC #1: Horse	F	10:30	On the Right Lead: Helping Youth Build Strong Riding Skills	This workshop will equip 4-H horse club leaders with tools to teach youth about gaits, footfalls, and proper maneuver setup. Leaders will learn to break down equine movement, guide riders in preparing their horses for success, and adapt teaching methods to fit diverse learning styles—building confidence for both leaders and youth for multiple non-gaited riding disciplines.	Calyn Colston, Calloway Co. 4-H Agent
CC #1: Horse	F	1:00	Dead Serious Learning: The Art of Large Animal Necropsy	A large animal necropsy is more than a post-mortem exam—it's a powerful tool for uncovering the cause of death and protecting herd health. By examining organs and tissues, veterinarians can identify disease, injury, or management issues, turning one loss into knowledge that helps prevent future ones.	Dr. Laura Kennedy, Veterinarian Pathologist
CC #1: Horse	F	2:00	What's Bugging You: Identifying and controlling pests affecting your horses	Dr. Hannah Tiffin works to develop practical, science-based solutions to reduce bites, prevent disease transmission, and keep animals and people healthier. Workshop participants will experience an interactive approach to further their understanding of a variety of equine pests. Methods of identification, associated diseases, and best practices for reduced exposure will be discussed.	Dr. Hannah Tiffin, State Specialist
